

We Believe...

- ◆ **Children need to and deserve to have the best possible care, education, experiences and environment as they develop in early childhood.**
- ◆ **Parents need to and deserve to have peace of mind about the care their children are receiving while they are at work or school**
- ◆ **Children need more than just play time during the day. While that play time is important, AACDC adds an educational environment where play encourages development.**
- ◆ **Child Care Professionals are molding the future each and every time they interact with a child.**

We Commit to You...

- ◆ **AACDC provides a World-Class experience for children and their parents.**
- ◆ **Quality is not sacrificed for cost. We aim to keep our prices reasonable, and at the same time, our Teachers are hired for their experience and education. The success of the children who attend AACDC is directly related to the quality of the staff.**
- ◆ **Parents and teachers act as a team. Basic life skills are founded, such as good manners and learning right from wrong.**
- ◆ **Parental feedback is encouraged and utilized. Parents are asked to fill out annual surveys, and the Owners/Directors' door is always open.**

**Please feel free to call with questions

A Full Day of Learning, Playing and Growing...

A day at Academic Advantage Child Development Center (AACDC) includes a balance of educational activities and creative play, leading to the best possible environment for developing children. High quality, individualized attention is given to each child, and ensured by appropriate class sizes and educated teaching staff. While keeping an educational atmosphere, AACDC also realizes the importance of play time to children. Our indoor and outdoor play areas provide the perfect places for little people and their imaginations to explore the world.

Benefits You Will Receive from AACDC...

- ♦ **Parent Friendly...** We provide daily, weekly and monthly communication through daily sheets, e-mails & newsletters. Part Time is often available for set schedules too.
- ♦ **Safety...** We have a video surveillance system and security system, and all our teachers are CPR/First Aid Certified
- ♦ **Cleanliness...** Toys and other items are sanitized every night, and during the day as needed. We also request that you either take off your shoes or wear hospital booties when in the infant areas.
